

Warranty & Return

Waypoint and HF Radio on Board's goal is to make shopping with us simple. We recognize that sometimes what you buy isn't exactly right for you. If you're having problems, particularly with software, radios, or computer hardware, please contact us—often we're able to provide simple solutions to installation questions or operating issues. We're also happy to consult on integrating products you purchase from us with other equipment.

You may return anything ordered from us within 30 days for exchange, credit, or refund except:

1. Videos
2. Opened Software
3. Electronic Charts
4. Traditional Charts
5. Computer Hardware
6. Chart Copies
7. License Study Guides
8. Special Orders
9. Radios
10. Satellite Telephones
11. Modems
12. Cut Wire
13. GPS and Radar Systems

If you receive incorrect or defective merchandise, you must call us within 10 days for adjustment; defective videos, software, electronics, or electronic charts will be repaired or replaced with the same item.

All returned products must be accompanied by a Return Merchandise Authorization (RMA); we cannot accept returns without. To obtain a RMA, please call us at (510) 769-1547 or fax to (510) 769-1573. Please have your invoice when you call. All returns must be in salable condition, in original packaging, and complete with manuals, warranty cards, and accessories. Shipping charges will not be refunded. Please ship via insured carrier for your protection.

Once your return has been received and processed, we will credit your account or ship new merchandise. Thank you for your consideration.

Complete Cruising Solutions

CHART CARTRIDGES

Complete Cruising Solutions is your source for *all* chart cartridge brands and types. With on-site programming capability, we can supply you with *any* C-Map NT; Navionics NavChart, MMC, CF and Gold; or BlueChart cartridge available.

Visit our web site at <http://www.waypoints.com> for a catalog of all available cartridges with a coverage map and chart listing for each. There's a complete catalog of plotters and plotter manufacturers, too, just in case you need help specifying yours. Voyage planning services are available on request.

NEW! NAVPLANNER Navionics card reader for computers

Plan your route on PC using *NavPlanner's* easy-to-use navigational tools with Navionics *HotMaps, Silver, Gold* or *Platinum* Charts. Load, edit, save and transfer routes and waypoints from PC to plotter and back again. Navionics' all-purpose 23-in-1 *Multi Card Reader* transfers route data to and from your cartridge. Windows® 98/ME/XP/2000.

128800 *NavPlanner*

\$129.95

PC PLANNER Computers read C-Maps for planning

Turn your computer into a powerful navigation planner with C-Map's *PC Planner*. With easy-to-use software and a convenient USB cartridge reader, you can display NT+ and MAX cartridge charts, plan voyages, and record waypoints to memory cards for transfer to plotters. Windows® 98/ME/XP/2000. Specify plotter make and model.
